

"Shivani Sharma, a graduate in Fine arts, studied Interior Design from Delhi (India) and has been working as an Interior Designer, Painter and a Muralist since 1992.

Born to a renowned architect Mr. S.D. Sharma, she was influenced at an early age by the artistic environment at home; masters such as Le Corbusier, Pierre Jeanerette; and spiritual insights from her Gurus and masters.

Her works are a rare combination of a prodigious artistic flair, architectural aesthetics and a subtle imbibition of her comprehensive knowledge of various other holistic sciences, which result in distinctive and enriching pieces of art."
